PRINCIPAL'S MESSAGE

Greetings from RBVRR Women's College of Pharmacy!!

It gives me immense pleasure and a sense of pride to mention that our college has crossed major milestones in its journey with **"NBA Accreditation"**, **"Recognition as Research Centre"**, **Certification with 4.5 star from MHRD "Institute Innovation Council" Govt. of India**, **"Inclusion of the college under Section 2(f) of the UGC Act 1956"**, and **Recognition as "Adverse Drug Reactions Monitoring Centre (AMC) under PvPI."** It has been a primary endeavor of our institution to prepare the girl students to acquire professional competencies in multiple domains of pharmaceutical sector and prepare them to be industry ready. The college provides an excellent ambience and learning environment equipped with necessary infrastructure, learning resources like laboratories, Class rooms and a well established digital library.

Women are indispensable for the progress of any nation as they play a catalytic role towards achievement of transformational, economical and sustainable development. To empower women, should enable them to exercise control over the decisions that affect their lives both inside and outside the house. Through their empowerment, women gain greater share of control over resources and it gives them the power of decision making in the home, community, society and nation. I am extremely proud of being a woman.

Holistic education, all round development and multidimensional thinking are the hallmarks of our education system as we strongly believe that education should enable and explore the powers of human mind and spirit. We believe in providing our students an environment, rich in knowledge and supportive for their co-curricular and extra-curricular interests. The college has a tradition of excelling in sports and extracurricular activities, in which our students continue to bring us laurels and various other student centric activities undertaken, enrich them physically, mentally, socially and intellectually. The success in all spheres is the combined outcome of all our little efforts.

It is indeed gratifying to look back at the achievements and accomplishments both scholastic and co-scholastic besides the infrastructure of our institution. Students have brought laurels to our institution through their phenomenal academic achievements.

I feel proud to acknowledge the contribution of highly qualified, dynamic and talented faculty in completion of the syllabus and making the students to understand the concepts of the subject by taking online classes during this pandemic condition. Our teachers work hard throughout the year in providing them high quality educational experience in the form of assigning seminars, assignments, motivation in participating debates, group discussions, workshops, symposia, seminars and cultural competitions. Eminent personalities are invited from all walks of life to address our students and expose them to new ideas and thoughts.

SECRETARY'S MESSAGE

RBVRR Women's College of Pharmacy managed by The Hyderabad Mahila Vidya Sangham (HMVS) a Non Profit Organization which has a history of 92 long years of service in Women Education. HMVS believes in imparting quality education based on ethics.

RBVRR Women's College of Pharmacy was established in 2006, and successfully completed (15 years) in its service. The primary endeavor of the institution is to nurture the students to be industry ready and prepare them to become best pharmaceutical professionals.

I am happy to note that RBVRR Women's College of Pharmacy is following the ideals of integrated learning by giving opportunities to students to develop their personality through different extracurricular activities.

It gives me immense pleasure to note that the college is steadily achieving greater heights. This has been possible largely due to dynamic leadership of Prof. M. Sumakanth, the Principal and dedicated teachers of the college. I congratulate them for achieving "NBA Accreditation", recognition as "Research Centre", "Certification from Institute Innovation Council" and inclusion of "The College under Section 2(F) of the UGC Act, 1956".

I deem it my pleasure and privilege to extend a warm and affectionate welcome to all the students, who have chosen the college to pursue their studies in to the family of RBVRR Women's College of Pharmacy.

"COMING TOGETHER"

Nonetheless to say, the recent times have been very very hard for mostly everyone in some or the other way. There was crisis knowingly/unknowingly

Be it Economically, Financially, Mentally or Health wise.

But it has given us memorable lessons & one such is Coming together as a community and helping each other who are in need.

There are teachers & volunteers who are teaching underprivileged children as many have lost access to schooling as they are deprived of digital resources.

There are Edtech platforms offering free courses for youth to upskill themselves & start their own ventures of interest to escape the toil of unemployment. There is no need to newly mention the immeasurable support some organisations & NGOs are providing the needy.

And in toughest times, the help & moral support we get from fellow people is what helps us to overcome the crisis effectively.

"The Unmasked Truth..."

Bracing myself, I stepped out and crossed the doorway. It was then that I felt my OCD peaking up gradually as I locked my door. As I walked away, I turned around every two steps to make sure that it remained locked.

If I could, I would've taken a deep calming breathe. But we've come to a stage where taking a breathe was all it took for all of us to be at the verge of being if not dead, then at least being bedridden for months.

I looked down, not wanting to have to turn anyone down who might want to have a conversation. I speed up almost as if I were jogging down the stairs and straight to the nearby kirana store.

As I had anticipated, the store was filled with its usual customers, making the huge store look like a hen coop. Trying to calm himself, he made his way to the store and prayed that he would be spared from any conversation.

"ArreWah! Dekhotoh, sharmaji, surajpashim se nanikli se, aapyaha kaise?", mocked a middle aged man sipping his tea.

(Oh look! Sharma sir has arrived, how come? Did the sunrise from the west?)

Reluctantly I answered, ignoring this unemployed man would be rude.

"Rashan was what I wanted to get", I replied flashing him my piece of paper.

Before he could say anything, the man snatched the piece of paper and not wanting to have any skin contact, I didn't fight back and instead took a step back. The virus had already taken a lot of lives, I don't want to be the next one.

"DaronaSaheb, baxxinatedhona", said chotu, who acted more like the owner rather than a worker of the store.

(Don't fret Sir as you are vaccinated)

It was now that I realized that both of their masks were either around their necks or covered only their mouths. I took another step back and shouted to chotu over the distance to fill my bag with all the groceries.

"Bag doSaheb", his voice shouted back non-chalantly and I noticed that he had pulled his mask all the way down.

(Hand me your bag Sir)

I passed the bag to Reddy ji who still hadn't done sipping his tea. I held the bag at the farthest corner and flailed it to him.

As he was passing the bag to chotu, he began coughing, his grip on the bag and the glass cup tightened. My eyes widened at the realization but I kept quiet as I didn't want to meddle with his business.

I tried ignoring Reddy as chotu filled my bag with essentials when a sob erupted from where Reddy sat. I turned in his direction to it was him indeed! Mas fallen on the ground, tea by his side.

The Unmasked Truth..." (continuation)

"My Daughter has been married and lives with me no more... My heart feels heavy...", he cried, wiping his snot on the back of his palm. For an instant it looked like he had difficulty breathing, as he held his chest in his hands. That was it, that was the last straw of violation of the protocols that I couldn't handle. This was all it took for me to grab my bag, paytm the money to chotu and I started walking out when something tugged at my heart. Conscience, humane conscience.

I halted far away from Reddy and said the thing that would be better for everyone around.

"Just Go Home and Rest Reddy", I advised not just for him but for everyone who might be around him.

I ran home sanitizing pretty much everything and threw the dirty back into the washing machine along with my clothes.

The Next Day:

The news flash took away all the color off my face as they showed Reddy's face on the t.v.

"An unemployed man who lost his job due to the pandemic dies of the deadly virus....", the reporter kept babbling while my world as I knew it shattered. It was just yesterday that I saw him sipping tea, making fun of me.

From this incident I would like to very much advise the young, the adults and the elderly to take utmost care of not just yourselves but also of the people around you for it's a time we stayed united and alert rather than stay divided and fall.
