Report on Three-Day Virtual Webinar on Women Empowerment & Entrepreneurship Development

Date: November 5th-7th, 2020

Organized by: Women Empowerment & Development Committee, RBVRR Women's College of Pharmacy

Introduction:

From November 5th to November 7th, 2020, the Women Empowerment & Development Committee of RBVRR Women's College of Pharmacy organized a three-day virtual webinar on "Women Empowerment & Entrepreneurship Development." The webinar aimed to inspire and empower women by providing insights into communication, entrepreneurship, goal setting, and holistic thinking. Eminent speakers from various fields shared their expertise and experiences to motivate and educate participants.

Key Speakers and Topics Covered:

1. Dr. C. V. Ranjani, Department of Commerce, Osmania University, Hyderabad: Dr. Ranjani discussed the characteristics of entrepreneurship among women, particularly those from lower socio-economic backgrounds. She highlighted entrepreneurship as a tool for poverty alleviation, reducing gender bias, and empowering women.
2. Khyati Singh, CEO, Nirmalya Eco Products Private Limited, Noida: Khyati Singh shared her success mantra for entrepreneurship, emphasizing coexistence, cooperation, and collaboration. She

provided insights into building successful businesses while fostering positive relationships and partnerships.

3. Dr. D. Lakshmi, Educational Research Officer and Associate Professor, BV Raju Institute of Technology, Hyderabad: Dr. Lakshmi discussed different levels of holistic thinking using Glenn's Holistic Thinking Pyramid. She motivated participants to set goals and explained the significance of goal setting in turning visions into reality.
4. Prof. Sumitha Roy, Retired Professor of English, Osmania University, Hyderabad: Prof. Roy shared motivational stories to inspire participants and encourage them to pursue their entrepreneurial aspirations. Her stories highlighted the importance of perseverance, resilience, and determination in overcoming challenges.
5. Dr. Nirmal Raj, Head of Department-MBA, Saveetha Engineering College, Chennai: Dr. Nirmal Raj delivered the vote of thanks, expressing gratitude to the speakers, organizers, and participants for their valuable contributions and active participation.

Conclusion:

The three-day virtual webinar on Women Empowerment & Entrepreneurship Development was a tremendous success, thanks to the insightful contributions of the esteemed speakers and the active participation of the attendees. The webinar provided a platform for learning, networking, and inspiration, empowering women to pursue their entrepreneurial dreams and contribute to socio-economic development. Moving forward, it is essential to continue organizing such initiatives to foster women's empowerment and entrepreneurship in society.

Title: Report on Three-Day Virtual Webinar on Women Empowerment & Entrepreneurship Development

Date: December 22nd-24th, 2020

Organized by: Women Empowerment & Development Committee, RBVRR Women's College of Pharmacy

Introduction:

From December 22nd to December 24th, 2020, the Women Empowerment & Development Committee of RBVRR Women's College of Pharmacy organized a three-day virtual webinar on "Women Empowerment & Entrepreneurship Development." The webinar aimed to provide insights into entrepreneurship and the skills required for successful entrepreneurship, as well as to address issues related to cybercrimes and violence affecting women. Eminent speakers from various fields shared their expertise and experiences to empower and educate participants.

Key Speakers and Topics Covered:

1. Abhishek Gupta, Founder & CEO, Gropure Hydroponics & Fairfield Agro, Gurgaon: Abhishek Gupta discussed various aspects of entrepreneurship and the essential skills required for a successful entrepreneur. He shared insights into his entrepreneurial journey and provided valuable advice for aspiring entrepreneurs.
2. Dr. R. Hafeez Basha, Chief Executive Officer, Technology Business Incubator, Chandigarh: Dr. Basha addressed the role of technology in entrepreneurship and the opportunities it presents for women. He highlighted the importance of innovation and collaboration in building successful businesses.
3. Prof. Lalitha Bhaskari, Professor & Dean, IQAC, Department of Computer Science and Systems Engineering, Andhra University: Prof. Lalitha Bhaskari discussed cybercrimes and violence against women in the digital age. She provided insights into the various forms of cybercrimes and offered strategies for women to protect themselves online.

4. Lalitha Madhuri, Head of Regulatory, Replete Health, United Kingdom: Lalitha Madhuri shared her expertise on regulatory aspects related to health and entrepreneurship. She discussed the importance of compliance and regulation in the healthcare industry and provided insights into navigating regulatory challenges.
5. Dr. A. Balaji Ganesh, Dean (Research), Qualified Patent Agent, Velammal Engineering College, Chennai: Dr. Balaji Ganesh discussed the role of intellectual property rights in entrepreneurship. He provided an overview of patents and other forms of intellectual property protection and offered guidance on how entrepreneurs can safeguard their innovations.
6. Vote of Thanks and Feedback Collection: The webinar concluded with a vote of thanks to all speakers, organizers, and participants for their contributions and active participation. Feedback was collected from the participants to evaluate the effectiveness of the webinar and gather suggestions for future initiatives.

Conclusion:

The three-day virtual webinar on Women Empowerment & Entrepreneurship Development provided a platform for learning, empowerment, and networking. The diverse range of topics covered, including entrepreneurship skills, cybercrimes, and regulatory aspects, catered to the holistic development of participants. Moving forward, it is essential to continue organizing such initiatives to empower women, foster entrepreneurship, and address challenges affecting women in society.

Title: Webinar Report: Identifying Intellectual Property Components at the Early Stage of Innovation

Date: January 12, 2021

Organized by: RBVRR Women's College of Pharmacy

Speaker: Prof. M. Sumakanth, Principal, RBVRR Women's College of Pharmacy

Introduction:

On January 12, 2021, RBVRR Women's College of Pharmacy organized a webinar titled "Identifying Intellectual Property Components at the Early Stage of Innovation." The webinar aimed to educate participants about the importance of identifying intellectual property (IP) components at the early stages of innovation and the potential benefits it offers to innovators and researchers. Prof. M. Sumakanth, the Principal of RBVRR Women's College of Pharmacy, served as the speaker for the webinar.

Key Highlights:

1. **Understanding Intellectual Property:** Prof. M. Sumakanth provided an overview of intellectual property and its significance in the field of innovation and research. He explained the different types of intellectual property, including patents, trademarks, copyrights, and trade secrets, and their respective roles in protecting innovations.
2. **Importance of Early Identification:** The speaker emphasized the importance of identifying intellectual property components at the early stages of innovation. He discussed how early identification can help researchers and innovators protect their inventions, secure funding, attract collaborators, and commercialize their ideas effectively.
3. **IP Components in Research and Innovation:** Prof. M. Sumakanth discussed the various components of intellectual property that researchers and innovators should consider, such as novel inventions, unique processes, proprietary algorithms, and creative works. He provided examples to illustrate how these components can be identified and protected.
4. **Strategies for IP Identification:** The speaker shared practical strategies and tools that participants can use to identify intellectual property components in their research and innovation projects. He emphasized the importance of conducting thorough literature reviews, keeping detailed records of inventions, and consulting with IP experts.
5. **Q&A Session:** The webinar included a question and answer session where participants had the opportunity to seek clarification on intellectual property-related topics. Prof. M. Sumakanth

addressed queries from participants and provided additional insights into IP identification and protection.

Conclusion:

The webinar on "Identifying Intellectual Property Components at the Early Stage of Innovation" provided valuable insights into the importance of intellectual property in research and innovation. Prof. M. Sumakanth's expertise and guidance helped participants understand the significance of early IP identification and the strategies involved in protecting innovations. The webinar served as a platform for knowledge sharing and capacity building among researchers, innovators, and students. Moving forward, it is essential for participants to apply the knowledge gained from the webinar to effectively identify and protect intellectual property in their respective fields of work.

Seminar Report: Art of Reporting Thesis

Date: February 18, 2021

Organized by: RBVRR Women's College of Pharmacy

Speaker: Dr. Nagesh

Introduction:

On February 18, 2021, RBVRR Women's College of Pharmacy hosted a seminar titled "Art of Reporting Thesis." The seminar aimed to provide students with valuable insights and guidance on effectively reporting their thesis work. Dr. Nagesh, an expert in academic writing and thesis reporting, served as the speaker for the seminar.

Key Highlights:

1. **Understanding the Thesis Reporting Process:** Dr. Nagesh commenced the seminar by emphasizing the significance of effectively reporting thesis work. He elucidated the key components of a thesis report, including the introduction, literature review, methodology, results, discussion, and conclusion.
2. **Structuring the Thesis Report:** The speaker discussed the importance of structuring the thesis report in a coherent and organized manner. Dr. Nagesh provided practical advice on organizing content, maintaining consistency in writing style and formatting, and using appropriate headings and subheadings to enhance clarity and readability.
3. **Writing Style and Language:** Dr. Nagesh underscored the importance of using clear and concise language in thesis writing. He provided tips for improving writing style, such as avoiding verbosity, using active voice, and maintaining academic tone. Additionally, he stressed the importance of adhering to standard academic writing conventions.
4. **Citing Sources and Referencing:** The speaker highlighted the significance of accurately citing sources and referencing them in the thesis report. Dr. Nagesh provided guidance on using citation styles such as APA, MLA, and Chicago, and emphasized the importance of giving credit to original authors while avoiding plagiarism.
5. **Effective Presentation of Data:** Dr. Nagesh provided insights into effectively presenting data in the thesis report. He discussed the use of tables, graphs, and figures to visually represent data and underscored the importance of providing clear and concise explanations to accompany visual representations.
6. **Q&A Session:** The seminar concluded with an interactive question and answer session. Students had the opportunity to seek clarification on thesis reporting-related topics, and Dr. Nagesh addressed their queries, providing additional insights and guidance.

Report on Session on Paper Writing and Research Report on Innovation

Date: March 12, 2021

Venue: RBVRR Women's College of Pharmacy, Telangana, India

Introduction:

RBVRR Women's College of Pharmacy conducted a session on "Paper Writing and Research Report on Innovation" on March 12, 2021. The session aimed to enhance the knowledge and skills of students in academic writing and research, particularly in the context of innovation within the pharmaceutical domain.

Key Speaker:

Dr. Dinesh from Maters Pharma Solutions, Hyderabad, was the esteemed speaker for the session. With expertise in pharmaceutical research and academic writing, Dr. Dinesh provided valuable insights and guidance to the participants.

Session Highlights:

- 1. Introduction to Paper Writing:** Dr. Dinesh commenced the session by providing an overview of paper writing techniques, emphasizing the importance of clear communication and adherence to academic standards. He discussed the structure and components of a research paper, including the abstract, introduction, methodology, results, discussion, and conclusion.
- 2. Research Report on Innovation:** The speaker delved into the nuances of writing research reports focusing on innovation in the pharmaceutical industry. Participants learned about the significance of innovation in driving progress and competitiveness in the field. Dr. Dinesh shared examples of innovative research studies and highlighted key elements to consider when writing reports on innovation.
- 3. Writing Techniques and Tips:** Throughout the session, Dr. Dinesh shared practical writing techniques and tips to help participants improve their academic writing skills. Topics covered included literature review, data analysis, referencing, and manuscript formatting. Participants engaged in hands-on exercises to apply the concepts discussed.
- 4. Q&A and Discussion:** The session included a lively Q&A and discussion segment where participants had the opportunity to clarify doubts and seek further guidance from the speaker. Dr. Dinesh addressed various queries related to paper writing, research methodologies, and innovation in the pharmaceutical sector.

Conclusion:

The session on Paper Writing and Research Report on Innovation conducted by Dr. Dinesh was highly informative and beneficial for the participants. Attendees gained valuable insights into academic writing techniques and learned how to effectively communicate research findings on innovation in the pharmaceutical industry.

RBVRR Women's College of Pharmacy is committed to organizing such enriching sessions to equip students with the necessary skills and knowledge to excel in their academic and professional pursuits.

Session Report: Planning for Startups and Legal & Ethical Steps

Date: April 7, 2021

Organized by: RBVRR Women's College of Pharmacy

Speaker: Dr. G. Gopala Reddy, Professor and HOD of Microbiology (Retd), UCS, Osmania University

Introduction:

On April 7, 2021, RBVRR Women's College of Pharmacy hosted a session titled "How to Plan for Startups, Legal, and Ethical Steps." The session aimed to provide students with insights into the process of planning for startups and understanding the legal and ethical considerations involved. Dr. G. Gopala Reddy, a renowned expert and former Professor and HOD of Microbiology at Osmania University, served as the speaker for the session.

Key Highlights:

1. **Startup Planning Process:** Dr. G. Gopala Reddy began the session by outlining the key steps involved in planning for startups. He emphasized the importance of conducting thorough market research, identifying target customers, developing a unique value proposition, and creating a comprehensive business plan.
2. **Legal Considerations for Startups:** The speaker discussed various legal considerations that entrepreneurs need to be aware of when starting a new venture. Dr. G. Gopala Reddy provided insights into business registration, intellectual property protection, contracts and agreements, and compliance with regulatory requirements.
3. **Ethical Guidelines for Entrepreneurs:** Dr. G. Gopala Reddy highlighted the importance of ethical behavior in entrepreneurship. He discussed ethical principles such as honesty, integrity, transparency, and respect for stakeholders. The speaker emphasized the need for entrepreneurs to prioritize ethical considerations in all aspects of their business operations.
4. **Case Studies and Examples:** The session included case studies and examples to illustrate key concepts and principles related to startup planning, legal compliance, and ethical

Session Report: Filling the Patent

Date: April 23, 2021

Organized by: RBVRR Women's College of Pharmacy

Speaker: Smt. Anjum Abida, Assistant Director, Drugs Control Administration, Telangana

Introduction:

On April 23, 2021, RBVRR Women's College of Pharmacy conducted a session titled "Filling the Patent." The session aimed to educate students about the process of patent filing, its importance in the field of pharmaceuticals, and the role of regulatory authorities. Smt. Anjum Abida, Assistant Director at the Drugs Control Administration, Telangana, was the distinguished speaker for the session.

Key Highlights:

Introduction to Patent Filing: Smt. Anjum Abida provided an overview of patent filing and its significance in protecting intellectual property. She explained the basic concepts of patents, including eligibility criteria, patentable subject matter, and the patent application process.

Understanding the Patent Application Process: The speaker delved into the intricacies of the patent application process, including conducting a prior art search, drafting the patent specification, filing the application with the appropriate patent office, and responding to examination reports.

Importance of Patents in Pharmaceuticals: Smt. Anjum Abida highlighted the importance of patents in the pharmaceutical industry. She discussed how patents incentivize innovation by granting exclusive rights to inventors, encourage investment in research and development, and promote the development of new drugs and treatments.

Role of Regulatory Authorities: The speaker shed light on the role of regulatory authorities, such as the Drugs Control Administration, in the patenting process. She explained the regulatory requirements for patent filing in the pharmaceutical sector and the role of these authorities in ensuring compliance with legal and ethical standards.

Seminar Report: Research Methodology - Qualitative and Quantitative Analysis

Date: May 4, 2021

Organized by: RBVRR Women's College of Pharmacy

Speaker: Shri Dr. M. Venkata Reddy, Ex-Drug Controller

Introduction:

On May 4, 2021, RBVRR Women's College of Pharmacy organized a seminar on "Research Methodology - Qualitative and Quantitative Analysis." The seminar aimed to provide students with insights into research methodologies, particularly focusing on qualitative and quantitative analysis techniques. Shri Dr. M. Venkata Reddy, an esteemed ex-Drug Controller, was the distinguished speaker for the seminar.

Key Highlights:

1. Introduction to Research Methodology: Shri Dr. M. Venkata Reddy provided an overview of research methodology, emphasizing its importance in academic and professional research. He discussed the significance of choosing appropriate research methods to address research questions effectively.
2. Qualitative Analysis Techniques: The speaker delved into qualitative analysis techniques, such as interviews, focus groups, and content analysis. He explained the principles of qualitative research and its applications in exploring complex phenomena and understanding subjective experiences.
3. Quantitative Analysis Techniques: Shri Dr. M. Venkata Reddy discussed quantitative analysis techniques, including surveys, experiments, and statistical analysis. He explained the principles of quantitative research and its applications in collecting and analyzing numerical data to test hypotheses and make inferences.
4. Comparative Analysis: The seminar included a comparative analysis of qualitative and quantitative research methodologies. The speaker highlighted the strengths and limitations of each approach and discussed situations where one method may be more appropriate than the other based on the research objectives and context.
5. Case Studies and Examples: Shri Dr. M. Venkata Reddy shared case studies and examples to illustrate the application of qualitative and quantitative analysis techniques in real-life research projects. He provided insights into the research process, data collection methods, analysis procedures, and interpretation of results.
6. Q&A Session: The seminar concluded with a question and answer session where students had the opportunity to seek clarification on research methodology-related topics. Shri Dr.

Seminar Report: Key Aspects for Quality Research

Date: June 15, 2021

Organized by: RBVRR Women's College of Pharmacy

Speaker: Prof. K. Muthyam Reddy, Professor of Economics (Retd), Osmania University, Former Registrar, MG University

Introduction:

On June 15, 2021, RBVRR Women's College of Pharmacy organized a seminar focused on "Key Aspects for Quality Research." The seminar aimed to provide insights into the essential elements of conducting high-quality research across various disciplines. Prof. K. Muthyam Reddy, an esteemed retired professor of Economics from Osmania University and former Registrar of MG University, was the distinguished speaker for the seminar.

Key Highlights:

1. **Research Methodologies:** Prof. K. Muthyam Reddy provided an overview of different research methodologies commonly used in academic and scientific research. He discussed the importance of selecting appropriate research methods based on the research questions, objectives, and data requirements.
2. **Literature Review:** The speaker emphasized the significance of conducting a thorough literature review as a crucial aspect of quality research. He discussed the importance of reviewing existing literature to identify gaps in knowledge, build on previous research, and establish the theoretical framework for the study.
3. **Data Collection and Analysis:** Prof. K. Muthyam Reddy discussed the importance of collecting reliable and valid data for research purposes. He highlighted various data collection techniques, such as surveys, interviews, experiments, and secondary data analysis. Additionally, he emphasized the importance of using appropriate statistical methods for data analysis to draw valid conclusions.
4. **Ethical Considerations:** The seminar addressed the ethical considerations involved in conducting research. Prof. K. Muthyam Reddy discussed the ethical principles governing research, such as integrity, honesty, confidentiality, and respect for participants' rights. He

emphasized the importance of obtaining informed consent, ensuring data confidentiality, and avoiding plagiarism and research misconduct.

5. **Quality Assurance and Review:** The speaker highlighted the importance of quality assurance and peer review in ensuring the credibility and validity of research findings. He discussed the role of peer review in evaluating the quality of research manuscripts and providing constructive feedback for improvement.
6. **Q&A Session:** The seminar concluded with a question and answer session where participants had the opportunity to seek clarification on research-related topics. Prof. K. Muthyam Reddy addressed questions from the audience, providing additional insights and guidance on conducting quality research.

Conclusion:

The seminar on "Key Aspects for Quality Research" conducted by Prof. K. Muthyam Reddy provided valuable insights into the essential elements of conducting high-quality research. His expertise and experience enriched the seminar, equipping participants with essential knowledge and skills to conduct rigorous and ethical research across various disciplines. Moving forward, participants are encouraged to apply the insights gained from the seminar to enhance the quality and impact of their research endeavors.

Seminar on Prototype/Process Design and Development Entrepreneurship

Date: June 25, 2021

Venue: RBVRR Women's College of Pharmacy, Telangana, India

Introduction:

RBVRR Women's College of Pharmacy organized a seminar on "Prototype/Process Design and Development Entrepreneurship" on June 25, 2021. The seminar aimed to provide insights into the entrepreneurial aspects of prototype and process design and development, particularly in the context of the pharmaceutical industry.

Key Speaker:

E.S. Ganesh Ram, Associate Director at the Commissionerate of Telangana State, was the esteemed speaker for the seminar. With extensive experience in entrepreneurship and innovation, Mr. Ganesh Ram brought valuable insights to the event.

Seminar Highlights:

1. Introduction to Entrepreneurship: Mr. Ganesh Ram commenced the seminar with an overview of entrepreneurship, emphasizing its significance in driving innovation and economic growth.
2. Prototype and Process Design: The speaker delved into the intricacies of prototype and process design, highlighting their importance in product development within the pharmaceutical sector. He discussed various

methodologies and best practices for effective design and development.

3. Entrepreneurial Opportunities: Participants gained insights into the entrepreneurial opportunities available in the pharmaceutical industry, particularly in the areas of prototype and process design. Mr. Ganesh Ram shared real-world examples and success stories to inspire aspiring entrepreneurs.
4. Interactive Session: The seminar featured an interactive session where participants had the opportunity to ask questions and engage in discussions with the speaker. This interactive format facilitated knowledge sharing and networking among attendees.

Conclusion:

The seminar on Prototype/Process Design and Development Entrepreneurship was a resounding success, thanks to the valuable insights provided by Mr. E.S. Ganesh Ram. Participants gained a deeper understanding of entrepreneurship in the pharmaceutical industry and left with actionable knowledge to pursue their entrepreneurial aspirations.

RBVRR Women's College of Pharmacy remains committed to organizing such insightful events to foster entrepreneurship and innovation among its students and faculty.
