RBVRR Women's College of Pharmacy, established in 2006 under the Hyderabad Mahila Vidhya Sangam, is driven by the visionary leadership of its Founder Principal, Prof. M. Sumakanth. The college is dedicated to empowering girl students through education and offers spacious classrooms, state-of-the-art laboratories, a well-equipped seminar hall, a conference room, and a library stocked with a wide range of the latest textbooks, reference materials and digital library. The college is offering the following programmes:

B. Pharmacy, Pharm. D ,M.Pharmacy[Pharmaceutics, Pharm.Analysis and Pharmacology.]

### **VISION**

To be a National Women Pharmacy Professional leader in transforming lives through innovative, vigorous and compassionate approach to Pharma education.

### **MISSION**

RBVRRWCP preparing and empowering girl students by providing continuous awareness programmes to succeed in a changing world apart from regular curriculum.

M1: Inspiring students with motivational lectures to learn and to develop intellectually, physically and emotionally as a whole personality.

M2: Encouraging students to develop innovative learning throughout life.

M3: Grooming girl students to be a successful professional in health care sector to serve the community by providing excellent practical knowledge and by upgradation of library with competent environment during their stay in the college.

## **About the Faculty Development Programme**

The Faculty Development Program (FDP) on "Leaders in Education: From Content Delivery to Character Building" is a transformative initiative aimed at redefining the role of college faculty. It empowers educators to move beyond traditional knowledge transmission to adopt a holistic, values-driven teaching approach. The program's core focus is on creating "leader-educators" who can seamlessly integrate ethical principles, critical thinking, and social responsibility into their curriculum. By prioritizing student character and competency development over mere content coverage, the FDP will equip participants with advanced skills in experiential teaching, effective mentorship, and collaborative academic leadership. This shift ensures that faculty not only deliver academic excellence but also shape students into ethical professionals and responsible global citizens, driving positive change within the institution and society.

### **Outcomes**

This FDP will transform faculty into innovative educational leaders. They will master the delivery of experiential and Outcome-Based Education (OBE), moving away from simple lectures to ensure learning directly translates into measurable student competencies. Faculty will seamlessly integrate ethics, soft skills, and leadership into their courses, enriching the curriculum for holistic development. They will also sharpen their skills in academic governance, coordination, and conflict resolution, becoming institutional leaders. Ultimately, faculty will emerge as effective mentors and role models, actively inspiring students toward greater self-awareness and social responsibility, significantly elevating the quality and relevance of education.

### **Objectives**

- **Shift Teaching Paradigm:** To transition faculty from traditional lecture-based content delivery to experiential, student-centric, and outcome-based education (OBE) models.
- **Integrate Character Building:** To equip faculty with practical tools for seamlessly integrating ethical values, soft skills, and leadership principles into their curriculum.
- **Nurture Institutional Leadership:** To develop a 'leader-in-every-faculty' mindset by enhancing skills in team coordination, academic governance, and conflict resolution.
- **Enhance Mentorship Skills:** To empower faculty to become effective mentors and role models who can inspire self-awareness and social responsibility in students.

### **Target Participants**

- **Faculty from Sciences and other discipline.**
- **Research scholars involved in Teaching.**

# Programme Schedule
