About the College

The College was established in the year 2006 by the "Hyderabad Mahila Vidya Sangham" to provide education to girl students. The college is self-financed, approved by PCI and affiliated to Osmania University. The College is organizing seminars, guest lectures and workshops in various disciplines which is a continuous process of RBVRR Women's College of Pharmacy, to impart knowledge and skills necessary for Pharmaceutical Education, Research and Development.

VISION

To be a National Women Pharmacy Professional leader in transforming lives through innovative, vigorous and compassionate approach to Pharma education.

MISSION

RBVRRWCP preparing and empowering girl students by providing continuous awareness programmes to succeed in changing world apart from regular curriculum.

About the Conference

The conference on " Strategies for Microbiome Therapeutics " focuses on cutting-edge science and practical to present developing treatments that harness the human microbiome—the trillions of microbes living in and on our bodies—to prevent, diagnose, and treat disease. Key topics typically include identifying therapeutic microbial strains or consortia, genetically engineered biotherapeutic products, modulating the gut-brain axis for neurological conditions, restoring microbial balance in disorders such as IBD or cancer, and addressing regulatory, manufacturing, and clinical-trial challenges. Experts from hospitals, academia share insights on clinical evidence, translational strategies, delivery mechanisms such as fecal microbiota transplantation and precision probiotics, as well as the evolving investment landscape that supports the development of microbiome-based medicines.
